GRATEFUL—COMFORTING.

EPPS'S COCOA BREAKFAST—SUPPER.

"A thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine principles of dietetics, we have prepared a delicious flavored beverage which may save us many heavy doctors' bills. It is the result of a long series of experiments. Our constitution may be gradually built up until strong enough to bear the strain of a hard life. We are not afraid of maladies, but nothing around us ready to attack whenever there is a weak point. We may escape the effects of a bad diet, and live a long time with pure blood and a properly nourished frame."—*Cocoa and Glycerine*. Made simply with boiling water and sugar, it is half pound of glycerine, labelled thus:
